Other than for strictly personal use, it is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), unless the work is under an open content license (like Creative Commons).

The publication may also be distributed here under the terms of Article 25fa of the Dutch Copyright Act, indicated by the "Taverne" license. More information can be found on the University of Groningen website: <https://www.rug.nl/library/open-access/self-archiving-pure/taverne-amendment>.

### **Take-down policy**

If you believe that this document breaches copyright please contact us providing details, and we will remove access to the work immediately and investigate your claim.

*Downloaded from the University of Groningen/UMCG research database (Pure): <http://www.rug.nl/research/portal>. For technical reasons the number of authors shown on this cover page is limited to 10 maximum.*

## Contributing authors

Robert Bittman, Department of Chemistry and Biochemistry, Queens College of the City University of New York, Flushing, NY, USA

Jeroen Corver, Department of Medical Microbiology, Molecular Virology Section, University of Groningen, Groningen, The Netherlands  
Present affiliation: Department of Virology, Leiden University Medical Center, Leiden, The Netherlands

Diane E. Griffin, Department of Molecular Microbiology and Immunology, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, USA

Robert E. Johnston, Department of Microbiology and Immunology, School of Medicine, University of North Carolina at Chapel Hill, Chapel Hill, NC, USA

Koji Kimata, Institute for Molecular Science of Medicine, Aichi Medical University, Nagakute, Japan

William B. Klimstra, Department of Microbiology and Immunology, School of Medicine, University of North Carolina at Chapel Hill, Chapel Hill, NC, USA

Ronald Knight, Department of Molecular Microbiology and Immunology, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, USA

Richard J. Kuhn, Department of Biological Sciences, Purdue University, West Lafayette, IN, USA

Peiyu Lee, Department of Molecular Microbiology and Immunology, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, USA  
Present affiliation: Farming Intelligene Corp., Taipei, Taiwan

Gang Li, Department of Biophysics, Beijing Medical University, Beijing, China.

Ke-Chun Lin, Department of Biophysics, Beijing Medical University, Beijing, China.

Suchetana Mukopadhyay, Department of Biological Sciences, Purdue University, West Lafayette, IN, USA
